

GIVING BACK

The Caske
June 3/15

The StFX X Mental Health Connection Student Society was able to fulfill an important part of its mandate this year by giving back to local community groups in the form of \$50 donations. Groups who received donations include the Antigonish Women's Resource Centre, the Naomi Society, Kids First, Arts Health Antigonish, the Park Bench Players, St. James Hot Meal Program, Antigonish Mental Health Support Group and the Men's Health Centre.

The society was able to give back to the community because of a successful school year of fundraising initiatives and the society feels the support for their functions has demonstrated the importance of talking about mental health.

Recently, president of the X Mental Health Connection Society Erin Orr (center) met with members of the Park Bench Players Louise Hall (left), Michael Martell, Stacey Septon, Fran Nunn, Patrick Chisholm and Catherine Tetu to deliver their cheque.
